

ENYF! Mini-Grant Application Is Now Live!

East New York Farms! Mini-grant program will fund local residents, organizations, and small businesses with ventures serving the East New York community. Grants should be for projects that will increase access to healthy resources in East New York. These projects can be garden related, cooking related, food businesses, new projects, or expanding projects.

Some examples of possible projects are:

- A garden putting in a greenhouse to help grow more food further into the Fall season.
- An ENY cafe installing a blender or juicer to add juices and smoothies to their menu.
- A daycare center or school starting a garden for the students and faculty.

Projects not serving the East New York community will **NOT** be considered. There are, however, other grants that we can refer you to.

Feel free to reach out to us with questions!

APPLICATIONS ARE NOW AVAILABLE AND MUST BE IN NO LATER THAN SATURDAY, APRIL 7, 11:59PM.

For a hardcopy of the application or to join the steering committee to review grant proposals, please contact Sadatu Usman at (718) 649-7979 x15 or email her at sadatu@eastnewyorkfarms.org. You can also access the online application at <https://goo.gl/forms/Kb6AWjkWNK33syqw2>

We would like to fund as many strong projects as possible so ideas or projects that will serve the ENY community created by non-ENY residents and/or businesses are more than welcome!

If you have a project in mind, start thinking about how much you will need to make it happen!
